

**CITY OF IRVINE
MEMBER OF THE CITY COUNCIL**

GREG SMITH

AGE: 55

OCCUPATION: Business Owner/Civic Leader

El Toro Airport has been defeated. I'm proud to have been a leader in that winning effort, serving on the Irvine City Council from 1993-2002.

I also promised and delivered:

- More police officers on the street.
- New parks, athletic facilities, and pools.
- Responsible budgets with unprecedented surpluses.
- The rescue of Rancho Senior Center programs.
- Longer hours at our libraries.

Most importantly, I insisted on a clear vision for Irvine's future: a well-planned, well-maintained suburban community.

We must continue working hard to establish the Orange County Great Park at the former El Toro base, but not at the expense of important city needs. It's time to put Irvine first.

I hear what you're saying:

- Keep our city safe. Now, more than ever, more police officers on patrol.
- Fix the traffic. We're tired of stopping at every signal.
- Save our schools from inadequate classroom funding.
- Build more sports fields. Demand is outstripping supply.
- Senior programs must keep pace with our growing population.
- No new taxes.
- Conduct city business openly and honestly.

As a business owner, former council and school board member, and 29-year Irvine resident, I have the experience to get the job done. Find out more at Irvinefirst.com.

Thanks for your consideration.
